English Language Improvement Activities

## Topic -Sounds

## Grade 7, 8 \& 9

## Silent letters

All the letters which are written in a word are not always pronounced, the letters which were not pronounced are called silent letters.

Look at these examples,
Ex.1. pit- here we can't find silent letters because we pronounce all the letters in this word 2. sat- we can't find silent letters because we pronounce all the letters in this word
3. wrap- here the first " $w$ " is not pronounced thought it is written.
4. bomb-the last letter " $b$ " is not pronounced.

## Find the silent letters and mark

i. awful
